

SIZEABLE SUM IS GATHERED IN POLIO DRIVE

Mrs. Grace Osborne stated that the recent polio drive held in Torrance netted \$1050. She was informed that the central office of the Sister Kenny Foundation said that the amount was way over average and commended her for her fine work. Mrs. Osborne was happy at the generous response of the Torrance community and of those who volunteered to help in taking up the collection.

stated, "She's been a printer and publisher and knows the game."
The Pruners, who are living in Paramount at present, will move to Torrance. They have 7 children.
Janet, 18, a Compton junior college graduate is now a telephone operator in Compton. The other children are going to high school and grade school, and line up as follows: Josephine, 16½; Jacque-

lyne, 14½; Stella, 12; James C. jr. 11; Patricia, 9; Kathleen, 7½.
If anyone would suspect that Pop hoped to raise enough children for a baseball team, he would not be far from wrong. Till a few years ago Pruner played professional baseball in the middle west and had charge of the Junior American Legion baseball program. "This was the most pleasant experience in all my baseball life," he stated. He managed a few pro teams and played short stop and third baseman.
Among his club affiliations are memberships in Odd Fellows and the Lion's Club.

Initiation...

(Continued from Page 1)
It was understood as this paper went to press that the School Board was conducting a private hearing into the matter today, Thursday, at which Judge John Shidler, board president, was to preside.
School board members emerged over a half-hour late from their policy-determining pre-agenda meeting, to announce that an investigation into the hazing policy will be made and recommendations, if any, submitted at the next board meeting.
Earlier Meeting
Dr. J. H. Hull, school superintendent, met earlier during the day with Coach Cliff Graybehl, varsity club counsellor; Bruce Wagner, school principal; a varsity club member; and representatives of the local papers.
Dr. Hull stated that he was grateful to the father for having publicized the issue the way he had if investigations were involved. Dr. Hull thought that it was perhaps good that the issue had been brought into the open. He did feel, however, that some of the charges brought in the letter, were somewhat evasive.
Coach Comments
When asked about his attitude toward the list of eight sensational initiation practices, Coach Graybehl declared that as long as he was in charge of the close to one hour ceremonies they did not get out of hand. He said that enthusiasm during initiation practices is bound to rise high with some boys and one or two will always step out of line. A case or two of that sort did come up, Graybehl stated, but he put an immediate stop to it. Administration of over-doses of Ex-Lax and midnight kidnap hikes occurred outside his jurisdiction.
School Principal
Principal Bruce Wagner declared that the school has been gradually trying to direct club initiations toward more constructive activities as is done at other high schools and colleges. Wagner as well as Graybehl agreed that Torrance high school has already reformed considerably over a period of years.

Armory...
(Continued from Page 1)
Gentlemen:
Thank you very kindly for your letter of May 5th regarding the Torrance Armory.
The Torrance Armory is still in the budget bill, and you may rest assured that I am carefully watching this item and will do everything possible to see that it remains in the budget.
In the near future I will advise you as to the outcome of this item when the budget bill is finally voted upon in the Assembly.
With my best wishes,
Sincerely
(Signed)
